BEAUTY

BURN-FREE BASE

'A powdery base is too heavy in summer,' says YSL make-up artist Fred Letaillieur. 'Go for one with a dewy finish.' New Shu Uemura Face Architect Sheer Refining Mousse Foundation, £32, keeps skin flawless and shine-free, while Shu Uemura UV Under Base Mousse, £29, contains SPF30 and can be worn under foundation or alone. **HOT TIP:** Hide under-eye circles with a light but budge-proof concealer like Elizabeth Arden Ceramide Ultra Lift and Firm Concealer, £18.

ZERO-SHIFT SHADOW

Most powder eyeshadows fade or smudge in the heat. Go for a creamy, non-budge formula in this season's sky blue, like the models at Loewe. We love Illamasqua Cream Eye Shadow in Suck, £15.50, designed to last on oily skin. 'Apply with your fingers and don't blend for a modern finish to make your tan pop,' says Uchiide. **HOT TIP:** For something sexy, L'Oréal Color Infallible in All Night Blue, £6.99, has a soft cream-to-powder metallic formula and stays put for up to 24 hours.
